INSTALLATION INSTRUCTIONS

In order to secure the correct functioning, the product may be fitted only to solid walls of bathrooms made of full bricks or concrete for which the enclosed wall plugs with screws are designed. When installing on the specific materials of the walls (porous concrete, hollow bricks or plasterboard) it is necessary to reinforce the place where the seat is positioned, by the structure with the sufficient load carrying capacity and use the corresponding wall plugs and screws.

Maintenance

Clean with a cloth and mild recommended detergent. Never use any abrasive pastes, dissolvents, acetone or detergents and disinfectants, that contain chlorine. The manufacturer is not liable for damages caused by improper use, installation or maintenance of the product.

For further information, contact your TISSINO stockist.

The manufacturer reserves the right to amend or improve on existing designs or features. Please help preserve the environment by observing local country guidelines or laws regarding re-cycling. Materials which are not suitable for re-cycling must be disposed of at an official and suitable waste control centre.
