Technical drawing of a mechanical part, showing three views: front view, top view, and side view.

Front View (Top): Shows the overall shape with dimensions: total width 1200, total height 460. The part is divided into two main sections, each 505 wide. The top section has a height of 110, and the bottom section has a height of 350. The top section contains three circular features with radii R17.5. The bottom section contains two circular features with radii R23. The distance between the centers of the bottom circular features is 90. The distance from the center of the left bottom circular feature to the left edge is 50, and from the center of the right bottom circular feature to the right edge is 50.

Top View (Bottom): Shows the part from above. The total width is 1200. The distance between the centers of the bottom circular features is 90. The distance from the center of the left bottom circular feature to the left edge is 50, and from the center of the right bottom circular feature to the right edge is 50. The distance between the centers of the top circular features is 100. The distance from the center of the left top circular feature to the left edge is 302.5, and from the center of the right top circular feature to the right edge is 302.5. The distance between the centers of the top circular features is 100.

Side View (Right): Shows the part from the side. The total height is 230. The distance from the top edge to the center of the bottom circular features is 60. The distance from the center of the bottom circular features to the bottom edge is 135.
