A modern bathroom interior featuring large, light-colored marble tiles on the walls and floor. A black shower system with a vertical bar and handheld showerhead is mounted on the wall. A white rectangular bathtub is partially visible. In the foreground, a black toilet is positioned on the left. To the right, a white vanity unit with a black faucet and a large, round, backlit mirror is shown. A small potted plant with green leaves stands next to the vanity. The overall aesthetic is clean and contemporary.

Bathing Collection

As probably the largest single item in the bathroom, a bath has a key role to play in the overall visual effect. Tissino baths are designed to exude style and elegance despite their size, ensuring that this bathroom centrepiece complements the rest of the furniture perfectly.

Luxury and comfort are also important, and our baths are designed to welcome those who love an indulgent soak. A range of beautiful bath screens add further functionality where required, with the high quality glass helping to keep water at bay.

Perma Bianco

Perma Bianco bath panels are manufactured using a pliant acrylic and are an innovation that overcomes unsightly discolouration in bath panels. Our Tissino premium panels include a wooden core and a layer of resin reinforcement, which provides a highly robust rigid bath panel that is flat and will always maintain its beautiful finish. The acrylic runs right around the edges of the panel to allow for trimming if necessary.

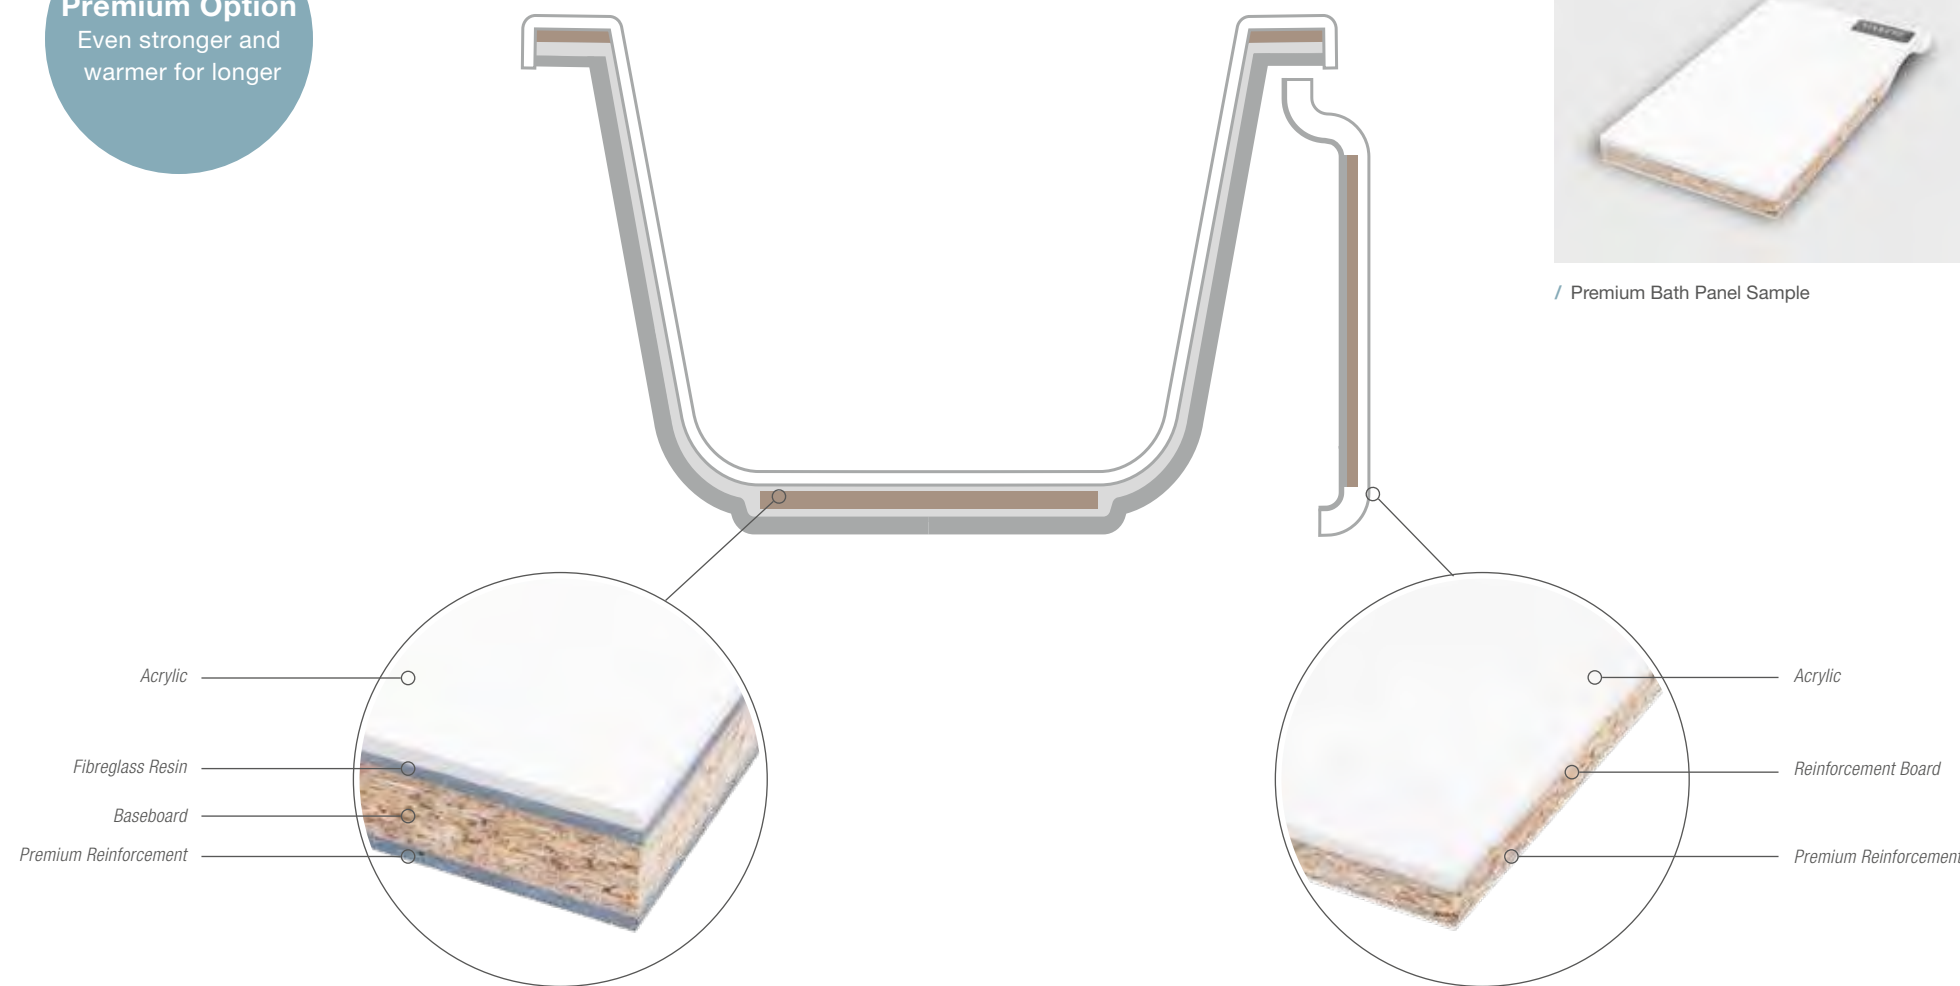

NO MORE UNSIGHTLY BATH PANELS

A unique fixing system holds the panels tightly together in the corners to create a finish that is aesthetically pleasing. Various sizes are available that will fit all of our Tissino baths.

The Perma Bianco finish ensures that bath panels stay white and will not discolour over time, even if exposed to sunlight.

Lorenzo

Our Lorenzo collection of elegant baths brings a sense of effortless ease and comfort into the bathroom. Designed around simple square forms, and available in a range of different configurations to suit a variety of room designs, the Lorenzo baths represent the ultimate in indulgent bathing.

All baths in the collection are manufactured from high quality acrylic with a naturally warm-touch surface – so there’s no need to fear dipping into the depths, even on the coldest mornings. If you like to add a little aromatic fragrance to the water, go ahead, as the easy clean surface is safe for bath salts and oils. It’s slip resistant too for added confidence and peace of mind.

Londra

There are two differently sized baths in the Londra collection, both manufactured from premium grade acrylic with its characteristically warm-to-the-touch comfort and seductive sculptural form.

The baths are double ended for flexibility, and have been designed to maximise the internal bathing space with slim rims and plenty of room. Not that the slimline features make for a lack of strength, these are sturdy baths designed for both function and comfort.

Double Ended Bath | LONDRA

See inside cover for product features key

Design ingenuity lies at the heart of the Londra premium double ended bath. The bath is built to maximise internal bathing space, with the slimmest rims achievable allowing for long, luxurious bathing – or a quick wash down if time is tight.

The top grade acrylic is strengthened by a robust and rigid supporting system, while efficient insulation helps keep temperatures from dipping.

Available in two size options, the bath is supplied without tap holes, allowing for installation in a range of bathroom locations. As with all Tissino bathroom products, a 10 year guarantee helps add additional peace of mind to the pleasure of beautiful design.

Messina

The Messina series of bath screens are supplied in 6mm glass thickness and protected with our unique Brillo Vetro coating – ensuring resistance against soap deposits for easier cleaning.

Available in Chrome, Brushed Brass and Matt Black finishes, those with a hinged design feature a rise and fall hinge to allow the seal to lift on and off the bath rim, preventing wear and ensuring a tight seal.

/ Available in Chrome, Matt Black and Brushed Brass finishes

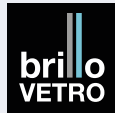

/ Choose either a square or curved corner

/ 10 year guarantee

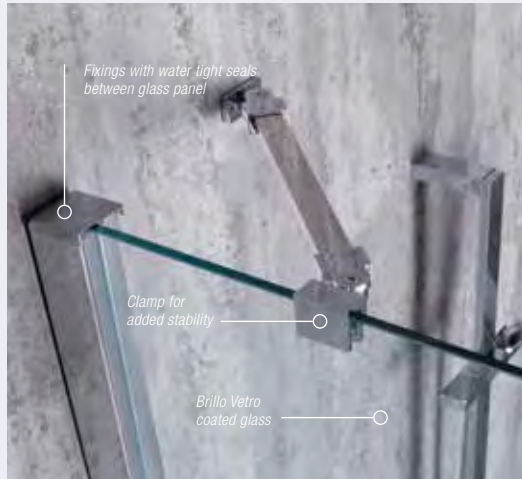

/ Fixed, hinged and pivot options

See inside cover for product features key

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your shower glass will stay looking like new for longer.

Rivelo Shower Enclosures 48

Four superb styles, in a well thought out range of sizes, has established Rivelo as a firm favourite.

Giorgio

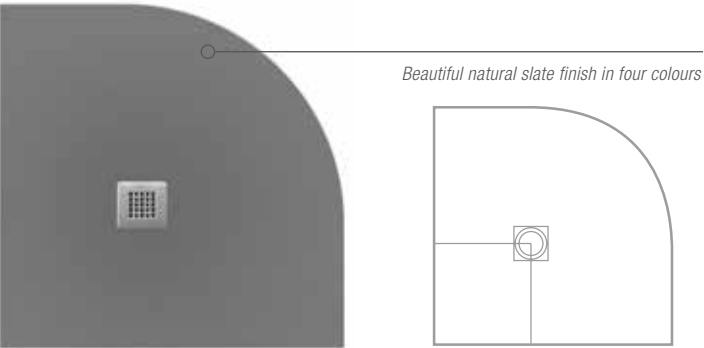

When it comes to taking a refreshing shower, it's easy for the elegance and beauty of the shower fitting to attract all the attention. However, it's important to remember that a perfectly performing shower is about much more than simply the source of the water. What lies underfoot is just as important, and is crucial to the continuing daily pleasures that a good shower can deliver.

Our Giorgio collection of high quality shower trays and wall panels are designed to combine immaculate good looks with durable, long-lasting performance. Manufactured using hard-wearing stone resin, all our Giorgio shower trays feature an exquisite stone surface protected by a unique gel finish. They are naturally slip resistant – very important in such a potentially hazardous environment – and comfortable too.

Giorgio shower trays are available in a range of neutral colours – either black, graphite, grey, and white slate effect. A wide range of sizes are available, allowing for the product to be matched perfectly with the room dimensions. Each Giorgio2 shower tray also includes a 100mm border that can be trimmed away if necessary in order to accommodate obstructions or off-square walls.

Whichever stylish colour you choose, your Giorgio shower tray will provide many years of comfort, strength and practicality, all inspired by the same qualities of Italian design flair that can be seen and admired throughout our Tissino collections.

Giorgio Lux

There's a unique design feature built into the Giorgio Lux shower tray, a detail that ensures water flows away freely without the use of a visible grate. This stylish stone resin tray is designed with an integrated maxi-flow waste outlet, so as the water hits the surface, it is channelled away discreetly and efficiently.

It's just one more reason to love this exquisitely styled shower tray with its coolly understated slate effect finish. The luxurious material resists scratches and provides users with the perfect place to enjoy their shower – a sleek, slip-resistant surface that adds a touch of class to any shower enclosure.

- / Beautiful natural slate effect finish
- / Highly durable, scratch & slip resistant surface
- / Unique hidden & maxi-flow waste design
- / Wide selection of sizes
- / One free tube of colour matched adhesive & sealant with every tray
- / Wetroom compatible
- / 10 year guarantee

Armano

The ultimate shower. Armano walk in shower enclosures can be optimised exactly to your requirements.

Choose from Brushed Brass, Matt Black or Chrome fixtures and hinges, alongside the option for clear or grey glass panels with a ten year guarantee.

- / Plated solid brass clamps
- / Aluminium profiles
- / Available in Chrome, Matt Black and Brushed Brass finishes
- / 8mm tempered clear or grey tint glass with Brillo Vetro protection
- / Additional glass sizes
- / 15mm adjustment on wall profile
- / 2000mm height
- / Can be fitted to floor or tray
- / 10 year guarantee

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Armano shower will stay looking like new for longer.

TISSINO Quality Mark indicates the highest possible standards in product testing and finish.

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Armano shower will stay looking like new for longer.

Tissino Quality Mark indicates the highest possible standards in product testing and finish.

Parina

Grand gestures are made up of smaller details, and luxurious bathrooms are achieved through conscious design decisions. Products from the Parina collection work harmoniously with other items in the bathroom, bringing both form and function to the space.

The Parina collection brings a real sense of refinement and elegance to the bathroom from slim, high spout taps to concealed basin mixers and bath sets in a range of styles. Thermostatic shower valves are also available, featuring exquisite round handles that are a pleasure to operate.

Available in two contemporary finishes, the collection is designed to complement bathrooms in a bold yet understated way.

Our Parina collection may exhibit high quality minimalist design, but there's nothing minimal about the choices available throughout the range.

Bavera

Designed around a smooth cylindrical tap post, each Bavera mono tap features a soft square spout and a designer handle.

There are two tap styles available in the collection – a standard fitting in a choice of gleaming Chrome or stylish Matt Black, or a high spout option with a taller, slender profile.

The Bavera range is inspired by the very best in Italian design and whatever option you choose it will add an extra touch of elegance.

Savena

The Savena collection from Tissino is a perfectly pure expression of the belief in the power of simple design.

Comprising of two sleek formed mono taps based on cylindrical design principles, the products are ideally suited to spaces in which both style and function work in harmony.

Select from either a standard size option or a taller, slender high spout tap. Either way, Savena products feature high quality components and premium materials, with a beautiful smooth chrome finish. This is high performance brassware that adds a touch of style and grace to any bathroom, creating spaces in which anyone will enjoy spending time.

Slimline seat option

Wrapover seat option

Seats

Choose between two seat designs – the wrapover or the slimline. With lids designed to fully cover the seat, the wrapover seat offers a clean look and works well paired with close coupled models where the cistern sits directly behind the toilet bowl.

Alternatively, the slimline seat is an ideal companion for Back to Wall pans for a more minimal overall look.

Velino

Our Velino collection fuses freedom and elegance with the very best in cool, minimal design to create a range that brings real panache to the bathroom.

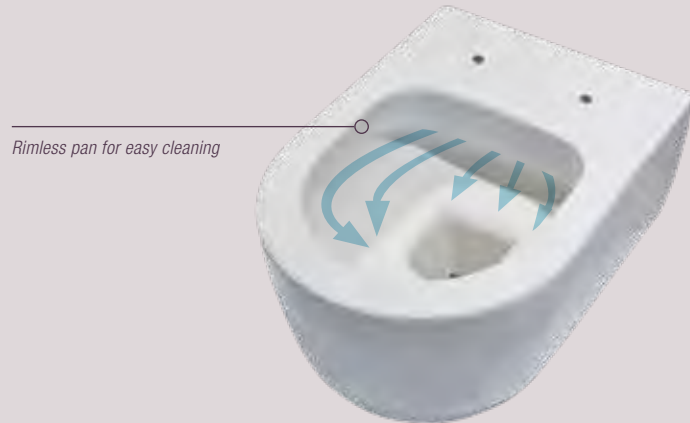

Consisting of three exquisitely curved rimless WC pans, the Velino collection transforms the item's essential form and function into objects of sculptural beauty. Select from the standard pan, the short projection option or a Back to Wall pan. Benefit from the enhanced sense of space that comes with a Wall Hung design.

These rimless pans also make for easier cleaning compared to standard WCs.

Savuto

The Savuto back to wall pan features a rimless design for easier cleaning and improved hygiene, and is intended to be paired with the Savuto soft close seat. The rounded square design pairs well with our Matera Freestanding Bath and Vitolo Basins which mimic these softened square edges.

Installed in conjunction with a concealed cistern from our Rocco2 collection, the Back to Wall design can sit either against a wall or bathroom furniture unit with the cistern concealed inside.

Loretto

The Loretto collection of bathroom furniture from Tissino is the epitome of stripped-back, undemonstrative design, but at the same time its calm confidence lends even the most functional items a real presence.

The compact, wall hung basin units are available in two sizes, in either gleaming Glossy White or a gorgeous Soft Grey shade. A single soft-close drawer provides plenty of space for handy bathroom storage while the sleek, handleless design maintains the overall purity of form.

- / Contemporary style
- / Easy access drawer
- / Designed with modern lines & slim edges

Quality Mark indicates the highest possible standards in product testing and finish.

Soft curved edges of the basin complement the unit perfectly

Contemporary gloss finish available in white or soft grey

Splendore

Our Splendore collection consists of high quality illuminated mirrors that make it a pleasure to reflect on your surroundings.

At the heart of each Splendore mirror is a sheet of high quality glass designed to deliver crystal clear reflections without distortion or defects. Integrated slimline LED lighting strips round the edge of the mirror throw light onto the face to improve the reflective performance, assisting with intricate shaving or make-up routines. Conventional mirrors can suffer from fogging of the glass, the Splendore collection offers a technological solution to this age old problem.

All models feature a heat pad situated behind the glass that helps guard against the formation of condensation – a modern-day remedy that helps maintain the mirror's high performance under all kinds of conditions.

Three Easy Steps:

1

CHOOSE YOUR TOWEL RAIL SIZE & COLOUR

See page 157 for shape and finish.

*All prices include VAT

2

CHOOSE YOUR DUAL FUEL FOR A WALL OR FLOOR CONNECTION

A dual fuel towel rail is plumbed into your central heating system and features an electric heating element (purchased separately).

A dual fuel towel rail can be heated by the main heating system in the house, or when the heating system is not in operation it can be isolated and heated by the element. This gives you the luxury of heated towels all year round without having to use the heating system in summer periods.
