tissino

Creating exceptional bathroom experiences is at the heart of Tissino.

Inspired by a passion for Italian design, our products expertly balance function and form and uphold a quality of excellence which is made to last. Our core collection is complemented by a design-led, exclusive range 'Esclusiva' which has been meticulously crafted in line with moving trends.

From showering to heating, our extensive range undergoes rigorous quality and performance testing, with ease of installation always a priority.

With decades of experience in bathroom design and innovation, our team are dedicated to making your space feel like a sanctuary which can be enjoyed for many years to come.

Our Design Story

At Tissino, every product begins its journey with our in-house design team. Inspired by the harmony of Italian design and driven by a passion for innovation, our experts start by imagining how each piece can enhance the bathroom experience.

From the first sketch to the final detail, every product is thoughtfully designed to balance style, functionality, and quality.

The journey doesn't end there. Once a concept is born, it undergoes a meticulous process of refinement.

Our team works rigorously, testing and perfecting every element to ensure it meets the highest standards of performance and durability.

Whether it's a sleek shower enclosure or a beautifully crafted, modern mirror, no product leaves our hands until it's proven to excel in both form and function.

We pride ourselves on offering a diverse product range that caters to all tastes and budgets, combining the latest trends with timeless elegance.

Behind every product lies a story of dedication, craftsmanship, and an unwavering commitment to quality—so you can trust that every Tissino piece is made to transform bathrooms into a space to be loved for years to come.

Introduction Esclusiva

Giorgio Lux

There's a unique design feature built into the Giorgio Lux shower tray, a detail that ensures water flows away freely without the use of a visible grate. This stylish stone resin tray is designed with an integrated maxi-flow waste outlet, so as the water hits the surface, it is channelled away discreetly and efficiently.

It's just one more reason to love this exquisitely styled shower tray with its coolly understated slate effect finish. The luxurious material resists scratches and provides users with the perfect place to enjoy their shower – a sleek, slip-resistant surface that adds a touch of class to any shower enclosure.

- / Beautiful natural slate effect finish
- / Highly durable, scratch and slip resistant surface
- / Unique hidden and maxi-flow waste design with 32 l/m flow rate
- / Wide selection of sizes
- / One free tube of colour matched adhesive and sealant with every tray

Combining refined aesthetics with outstanding technical performance, Xenite is designed to create both beauty and long-lasting reliability. It's highly resistant surface protects against scratches and moisture, while the built-in anti-slip properties ensure a safe showering experience for all users.

Crafted from a non-porous material, the Xenite trays prevent infiltration issues over time and remain easy to maintain. In addition, the integrated antibacterial treatment actively eliminates and inhibits the growth of bacteria, creating a cleaner and safer environment.

Xenite:

Resistance and Design

A sleek, modern surface that combines refined aesthetics with excellent resistance to scratches, moisture, UV exposure and everyday wear

Antibacterial Treatment

An antibacterial treatment incorporated into the Xenite coating helps maintain cleaner, more hygienic shower surfaces by reducing the growth of bacteria and micro-organisms

Anti-Slip Safety

The smooth Xenite coating features a secure anti-slip finish, delivering reliable grip and an Anti-Slip Class 2 rating for added safety in the shower area

Long-Lasting Performance

Engineered for durability, the Xenite coating provides a hard-wearing, non-porous surface designed to perform beautifully over time

Matt White trays are held in stock and available to order as normal via our online portal, email or phone. Due to the bespoke nature of the colour trays, please follow the steps below to order.

How to Order Furniture Colours and Bespoke Trays:

1. Select your Size Choose from 15 available tray sizes opposite to find the perfect fit for your bathroom layout.

2. Select your Colour Pick from any Tissino furniture colour, or choose any bespoke RAL to create a fully personalised finish.

3. Complete the Online Form

Fill in the online order form to confirm your selections and finalise your order.

You can reach the online order form by scanning the QR code or visiting www.tissino.co.uk/mont-order-form

Please note due to the bespoke nature of Mont colour trays we are unable to provide samples of any colour finishes. Matt White samples are available and can be ordered online.

Mont bespoke shower trays are made to order and manufactured specifically to the chosen specification. Once an order has been placed, bespoke products cannot be cancelled, amended, returned or refunded. Bespoke trays are supplied to a specified colour reference (Tissino furniture colour or RAL code) rather than as a visual match to samples, swatches, photographs or digital imagery.

Due to the nature of bespoke coatings and manufacturing processes, minor variations in colour tone or sheen may occur and are considered inherent to the product. Tissino cannot be held liable for incorrect colour selection, incorrect RAL codes being supplied, or where insufficient research has been undertaken prior to order placement. See full T&CS here: www.tissino.co.uk/mont-terms

Finezza trays add a contemporary twist on the classic shower tray, offering a marble inspired design combined with Tissino quality. The robust resin and mineral core combined with a realistic natural stone texture and non-porous surface delivers an exceptionally beautiful shower tray.

Finezza shower trays are available in a wide range of sizes to suit bathrooms both large and small, and as the tray edges can be trimmed by up to 100mm, you can be sure of a precise fit wherever they're installed. Every detail exudes quality, with the high-capacity waste taking water away at a rate of up to 34 litres per minute, and a colour matched grate adding a thoughtful finishing touch.

- / Beautiful natural slate effect finish
- / Highly durable, scratch and slip resistant surface
- / Includes a 34 l/m waste valve and colour matched grate

Tissino Quality Mark indicates the highest possible standards in product testing and finish.

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Tavo shower will stay looking like new for longer.

Fluted Glass

Transform your bathroom with our stylish Fluted Glass. Ideal for a modern and distinctive look, this option pairs seamlessly with Stratto fluted furniture and other fluted accents, adding a touch of contemporary elegance to your shower area.

Grey Smoked Glass

Make a bold statement with our Grey Smoked Glass. This stylish option brings a contemporary twist to classic shower areas. Perfectly pair it with Matt Black profiles for a striking look or contrast it with Chrome or Brushed Brass for added elegance.

Ultra Clear Glass

Experience unparalleled clarity with our Ultra Clear Glass. Engineered to eliminate the green tint found in standard glass, it offers a pristine, crisp finish that enhances the overall aesthetics of your shower space.

1. Select your Configuration

Select your configuration from the suggestions below based on your layout.

Next, see below or use the table on the right to select the elements to make up your design.

2. Select your Front Panels

All Tavo configurations require a Front Glass Panel and your choice of bar: Front Panel Arm, Walkthrough, Glass-to-Ceiling, Floor-to-Ceiling, or Wall-to-Wall.

These have been grouped into one code, simply select your bar style and colour; size and glass type on the appropriate pages.

3. Select any Additional Panels

Lastly, depending on your configuration you may need additional panels including Side Panels and T Piece, Corner Panels and Profile, or rotating Flipper Panels and Profile.

Toughened Glass

Wetroom Compatible

Tissino Quality Mark indicates the highest possible standards in product testing and finish.

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Armano shower will stay looking like new for longer.

Armano Roller The Range

Handed by the fixed panel on the wall. If the panel is fixed to the left of the roller, it's Left Handed.

WASTES AND FILLERS

Complete your design with the perfect waste or bath filler. With options available in Brushed Nickel, Brushed Brass, Matt Black and Chrome, there's an option to suit all our brassware ranges.

Page 148

Our ranges are available in a carefully curated palette of finishes, including Chrome, Matt Black, Brushed Brass, and Brushed Nickel. With its subtle sheen and refined contemporary appeal, Brushed Nickel offers a luxurious alternative for those seeking a neutral yet high end metallic tone. These finishes work seamlessly across the entire brassware and shower collection, providing a complete solution that effortlessly complements any bathroom style.

Our comprehensive ranges include a huge variety of brassware, from statement freestanding bath mixers to compact basin taps and everything in between, each piece combines form and function beautifully. The Vario range of Showering Brassware offers versatile design choices with both square and round styles available.

Bathing Collection

As probably the largest single item in the bathroom, a bath has a key role to play in the overall visual effect. Tissino baths are designed to exude style and elegance despite their size, ensuring that this bathroom centrepiece complements the rest of the furniture perfectly.

Luxury and comfort are also important, and our baths are designed to welcome those who love an indulgent soak. A range of beautiful bath screens add further functionality where required, with the highest quality glass helping to keep water at bay.

The Esento Bath blends the stylish appeal of a freestanding tub with the practical benefits of a corner bath. Its seamless, one-piece design offers a modern aesthetic, while the integrated shelf provides space for deck-mounted taps and convenient storage for bathing essentials.

With the option to add a bath screen, the Esento bath is as functional as it is elegant, making it a versatile choice for any bathroom. Combining striking looks with everyday practicality, it's an ideal solution for those seeking both style and usability.

- / One-piece freestanding corner bath
- / Integrated shelf for convenience
- / Robust reinforced construction
- / Slotted waste
- / Flush fit waste cover when closed for improved comfort

/ Slimline Round Double-Ended Bath

Londra

There are two different bath sizes in the Londra collection, both manufactured from premium grade acrylic with its characteristically warm-to-the-touch comfort and seductive sculptural form.

- / Efficient insulation system
- / Available in two sizes

The baths are double-ended for flexibility, and have been designed to maximise the internal bathing space with slim rims and plenty of room. Not that the slimline features make for a lack of strength, these are sturdy baths designed for both function and comfort.

Perma Bianco - crafted from high-quality acrylic to create durable baths and panels that resist discoloration, with panels colour-matched to the baths for a seamless finish

Messina Bath Screens

The Messina series of bath screens are supplied in 6mm glass thickness and protected with our unique Brillo Vetro coating, ensuring resistance against soap deposits for easier cleaning.

Available in Chrome, Brushed Brass, Brushed Nickel and Matt Black finishes, those with a hinged design feature a rise and fall hinge preventing wear and ensuring a tight seal.

- / Choose either a square or curved corner
- / Fixed, hinged and pivot options
- / Rise and fall hinge allowing the seal to lift on and off the bath rim
- / 20mm adjustment

Ten Year
Guarantee

Brillo Vetro is a hydrophobic coating applied to the glass surface. This coating repels water, dirt, and soap deposits, making the glass easier to clean than untreated glass. The coating also improves clarity and visibility, so with regular cleaning, your Messina Bath Screen will stay looking like new for longer.

Tissino's sanitaryware collection combines contemporary design with essential functionality to deliver solutions that are both stylish and practical. From sleek wall hung pans that create a sense of space to elegant floorstanding WC's, the collections are designed to suit bathrooms of all shapes and sizes.

Soft-close seats enhance comfort and durability, while concealed cisterns and flush plates ensure seamless operation and a clean, minimalist finish. With high-quality craftsmanship at its core, Tissino sanitaryware provides timeless, reliable performance for years to come.

The Vitolo collection combines durability and elegance, inspired by the timeless beauty of Italian sculpture. Crafted from solid mineral stone resin material with a smooth satin finish in Matt White, Vitolo basins and countertops offer exceptional strength, easy maintenance, and refined style for contemporary bathrooms.

Choose from three basin designs and versatile countertop sizes to complement a range of interiors.

- / Solid surface composite with smooth satin finish
- / Matt White for a clean, contemporary look
- / Three basin designs: square, rectangular, and circular
- / Countertops available in 600mm, 800mm, and 1200mm sizes to suit Tissino furniture ranges
- / No overflow or tapholes on basins
- / Easy to maintain with a reassuring ten year guarantee

Ten Year
Guarantee

Both the basins and countertops are manufactured from solid mineral stone resin material with a satin finish, ensuring that they are robust and hard wearing while also looking exceptionally beautiful to the eye. The Matt White finish complements almost any bathroom style, enabling Vitolo products to work in a wide range of contexts from cool minimalism to more contemporary interior designs.

The countertops are a similarly smooth satin surface and are available in size options to fit furniture of 600mm, 800mm and 1200mm. All Vitolo countertops also benefit from a reassuring ten year guarantee.

Davoli Introduction

Close Coupled Pan

Classic design that fits with every bathroom.

Wall Hung

Create the illusion of more room with a hidden cistern and flush plate from our Rocco2 range.

Short Projection Wall Hung

Perfect for smaller spaces, the short projection pan measures at a depth of 490mm compared to a standard wall hung pan depth of 540mm.

Back-to-Wall

Suited to a more modern look. More convenient to keep clean and takes up less space.

Davoli Our Pan Styles

Our Davoli Pan range is available in two distinct styles to suit any bathroom, round or soft square.

Round features are more classic look with curved features. Soft square offers a modern take on the square pan, without compromising on comfort.

Rocco2

Rigorously tested and highly certified, the Rocco2 range of cisterns and flush plates is essential for the contemporary bathroom.

Framed and concealed cisterns used with Wall Hung or Back-to-Wall toilets create a greater impression of space. Rocco2 cisterns are easy to fit, easy to maintain, quiet and highly efficient.

Rocco2 flush plates are effortlessly sleek in design and can be easily removed to allow full access to the cistern. Flush plates are available in three styles: Curvo, with subtle buttons for a sleek look, available in Chrome and Brushed Brass; Quadrato, for a modern finish, available in four finishes; and Inox, a sleek metal flush plate with pneumatic functionality, available in four stunning colours to match brassware finishes.

Flush Plates:

- / Inox plates are crafted from stainless steel with Chrome, Matt Black, Brushed Brass and Brushed Nickel finishes
- / Opt for square style Quadrato plates or smooth Curvo plates for different styles
- / Two year guarantee on moving parts
- / Compatible with Rocco2 cisterns

Cisterns:

- / Framed or unframed options to fit wall hung and back-to-wall pan
- / Ten year guarantee on concealed cisterns and frames
- / Five options of cisterns available with both mechanical and pneumatic functions

Tissino's mirror collection combines style, innovation, and everyday functionality to enhance any bathroom space. From sleek illuminated mirrors to versatile mirror cabinets, each piece is designed with both form and practicality in mind. The range includes features such as built-in demisters, adjustable lighting, integrated shaver sockets, and intuitive touch controls.

New for 2026, Deluna brings a soft, organic form to the collection. Its advanced Eclipse glass technology keeps the front lighting completely invisible when off, creating a seamless, sculptural look. With multi-functional lighting options, adjustable colour temperature, dimmable brightness, and discreet touch controls, Deluna offers both ambience and precision in one elegant, contemporary mirror.

Mirrors Introduction

Tissino mirrors and cabinets combine contemporary style with intelligent features, with all mirrors incorporating integrated demister functionality for a clear reflection at all times. Options include practical storage solutions that enhance everyday use while elevating the overall look of your space.

Use the guide below to explore our mirror ranges and mirror cabinets, and compare features such as front or back lighting, adjustable colour temperature, and brightness control.

Lighting Style

Lighting style can make a big impact on your overall experience. Back-lit mirrors create an ambient glow behind the mirror, adding depth and a focal point, while front-lit mirrors provide direct illumination for precision tasks. Our Deluna mirror offers the best of both, with the option to cycle between front-lit, back-lit, or both at once.

Back-Lit

Front-Lit

Front and Back-Lit

Colour Temp

Colour temperature refers to the tone of the light and can change both the mood and how you see your reflection. Warmer tones create a soft ambience, neutral white is ideal for everyday use, and cooler tones offer clearer light for precision tasks. Most of our mirrors feature adjustable colour temperature, so you can switch between settings to suit your needs.

Cool Lighting 6500K

Warm Lighting 2700K

Dimmable

Dimmable lighting lets you adjust brightness from bright, task-focused illumination to a softer glow for a more relaxing atmosphere. It's ideal for tailoring your mirror to different routines, times of day and mood. Many of our mirrors include adjustable brightness control, while some ranges feature a fixed light level.

Shapes

Mirror shape plays a big role in the overall look and balance of your bathroom. Whether you want clean, architectural lines or softer, more organic curves, the right shape can complement your layout and enhance your design style. Our mirror ranges are available in a variety of options including square, rectangle, soft rectangle, organic, capsule and circle designs.

New: Eclipse Glass Technology

Exclusive to the Deluna mirror range, Eclipse glass technology creates a sleek, uninterrupted finish by hiding the front LED lighting strip completely when the mirror is switched off. This gives Deluna a clean, seamless look, with no visible lighting detail until you need it. When illuminated, the lighting appears effortlessly through the glass, delivering crisp front-facing light for precision tasks and soft ambience when paired with backlighting. The result is a refined, ultra-discreet design that combines statement styling with intelligent functionality.

Heating Collection

Add warmth and style to your bathroom with Tissino's premium heating solutions. Our collection of heated towel rails offers both elegance and practicality, providing a cosy environment while warming your towels and robes. Whether you opt for a model that integrates with your central heating system or a standalone electric option, each piece is designed to provide maximum heat output, deliver efficient performance and long-lasting quality.

Our newer design, Hugo Evolute, brings the best of Hugo2 in stunning Soft Taupe and Matt White finishes, now with enhanced features such as hidden fixings for a cleaner, more refined look.

Available in a variety of luxurious finishes and styles, Tissino's heated towel rails are the perfect blend of form and function for any bathroom.

Elevate your bathroom experience with Tissino's exquisite heating range. Designed to combine contemporary style with everyday comfort, our heated towel rails transform your space into a haven of warmth and sophistication. From sleek, minimalist designs to bold statement pieces, each model is crafted with precision to deliver exceptional heat performance and enduring quality.

To make selecting the perfect option simple, use the guide below to help you choose the ideal heating solution for your bathroom. Whether you're looking for a central heating model or a standalone electric design, Tissino offers versatile solutions that bring luxury and practicality together effortlessly.

1. Select your Heating Method

Central Heating

Central heating towel radiators are plumbed directly into the main heating system and will switch on and off in alignment with the house temperature controls.

Dual Fuel Heating

A dual fuel towel rail is plumbed into central heating systems and features an electric heating element. They can be heated by the main heating system in the house, or when the heating system is not in operation, it can be activated in isolation and heated by the element.

Dual fuel towel rails can be ordered with either a standard element which will simply turn the radiator on or off, or a temperature regulating element that comes with a digital screen to set an exact temperature (selected finishes only).

Electric Only Heating

Electric towel rails operate separate from the main heating system in the house. Choose from standard element, which will switch to full power when turned on, or a temperature regulating element (selected finishes only), where you can set the temperature manually.

Look for the symbols to help you select the correct option

2. Select your Style

From the elegant Hugo collection to the bold Marcello in Matt Black or Brushed Brass, and the space-saving Ampio for compact rooms, each piece is crafted for warmth and sophistication. Bartolo's slim-bar ladder design delivers impressive heat output, while Emilio's open-ended frame and Fabio's seven trend-led colours add versatility and style to any bathroom.

3. Select your Valves and Elements

Central Heating

Choose straight or double-angled valves, with thermostatic versions available in selected finishes. Colour-matched pipes and shrouds are available across the full range for a seamless finish.

For Central Heating you will need to purchase the below:

Radiator Single Fuel Valves Page 248

Dual Fuel

Select either wall or floor plumbing connections to suit your installation, with thermostatic versions available in selected finishes.

For Dual Fuel you will need to purchase the below:

The novelty of an open-ended bathroom towel rail makes popping the towel on even easier, making our Emilio design perfect for households looking for a solution to wet towels being stuffed between the frame!

This heated towel rail is reversible so the opening can sit on either side to suit any bathroom layout.

- / Open ended design with 25mm semi-recessed bars, to reduce projection into the room
- / Available in four colours: Chrome, Graphite, Matt White and Matt Black
- / Concealed wall fixings
- / Reversible radiator to allow the opening to be on the left or right side
- / Four sizes available
- / Smooth finish
- / Choose from two valve types to complete your configuration
- / Horizontal rails inset to reduce overall protrusion into the room

 Ten Year Guarantee

Tissino Quality Mark indicates the highest possible standards in product testing and finish

Emilio exceeds CE quality requirements and heat outputs have been tested to EN442

Hugo Introduction

Central Heating

Central heating towel radiators are plumbed directly into the main heating system and,

will switch on and off in alignment with the house temperature controls.

Dual Fuel Heating

A dual fuel towel rail is plumbed into central heating systems and features an electric heating element.

They can be heated by the main heating system in the house, or when the heating system is not in operation it can be activated in isolation and heated by the element.

Electric Heating

Electric towel rails operate separate from the main heating system in the house.

Choose from standard element, which will switch to full power when turned on, or a temperature controlled element, where you can set the temperature manually.

Hugo2

- / Available in six designer finishes with colour matched wall fixings

Hugo Evolute

- / Concealed colour matched wall fixings, available in Soft Taupe and Matt White to co-ordinate with furniture
- / Go to page 244

Hugo2 Select your Style

When choosing your Hugo2 Heated Towel Rail, choose from the range of sizes and shapes below. The Hugo2 range is available as Central Heating, Dual Fuel, Electric Only with a Standard Element or Electric Only with a Temperature Regulating element.

Next choose between our colour matched valves, pipes and shrouds. Or if you want a dual fuel radiator, choose your rail, valve and element.

Technical

The colours and the effects in this catalogue are indicative for the limits allowed by the printing process; for this reason they cannot be binding and be the base for possible claims. Finishes may vary in appearance depending on the material they are applied to. Whilst we strive to ensure consistency across all materials, slight variations may occur between products manufactured from different base products. We would recommend ordering samples prior to purchase.
